

## The Blank Canvas: The World & HECGG

**Objective:** Create a visual with pictures, captions, graphs, summaries, etc. that will explain our studies for the school year through HECGG. Many resources are available which include the textbook, activity packets, graphic organizers, projects, blogs, power points, objectives (posted to the class web page) etc. to help tell the story of the various parts of the world you've studied.

**Teams:** Each group will consist of 4/5 people.

**Team Leaders:** One team leader will be assigned to each group. Team leaders are responsible for guiding the group, helping to adopt successful working strategies which will lead to the successful completion of the project, delegating tasks and responsibilities, and assuring success.

**Timeline:** Students will be given 8 class periods to complete the activity.

**Grading:** The value of the canvas is 100 points. A group evaluation will be completed once the project is finished. Each member of the group will complete a student/group self-evaluation as well.

**“The Plan”:** Before starting the project, brainstorm which topics will be covered, who will be responsible for specific topics, and what research will look like on the canvas. Create a blue print... The first step.
