### ***SW Asia Bar Graph & Pie Chart***

#### **Part I - Directions**

1. Gather data and list the data in the boxes below. Include the research topic (**country chosen**), the **U.S.**, and **2 neighboring countries** in SW Asia (The Middle East) for the bar graph.
2. Next, using the **Create a Graph** link on Mr. Reggio's **project web page**, create **1 bar graph and 1 pie chart** that depict the statistical information. Add a **Graph Title**, **X-axis label**, **Y-axis label**, **Source** (URL from each site), **Item Label** (countries), and **Value** (number).
3. Save electronic copies of each graph to a **Google Doc**. Be sure to **name** the document in Google Docs: **SW Asia Graphs**.
4. **Print** the graphs on 1-page and staple to the back-side of this graphic organizer.

**Graph #1 – BAR GRAPH – Topic \_\_\_\_\_**

Country	% or Number

**Graph #2 – PIE CHART – Topic \_\_\_\_\_**

Country	% or Number
